Coursework

Advanced Procrastination Techniques

Professor Delayed Gratification

Fall 2020

Couch, Dormroom

Learned advanced techniques to postpone tasks until the last possible moment. Topics included strategic distractions, perfectionism-induced paralysis, and the art of convincing yourself that you work best under pressure.

Mastering the Art of Excuse-Making

Professor Imaginary Circumstances

Fall 2019

Office, Dean

Explored the art of crafting creative and believable excuses for missed deadlines and unfinished work. Special emphasis was given to the power of plausible deniability, feigning technical difficulties, and perfecting the “dog ate my homework” alibi.

The Science of Last-Minute Panic

Professor Urgency Enthusiast

Spring 2019

Chair, Dormroom

Examined the psychological and physiological effects of last-minute panic on productivity. Studied the adrenaline-fueled rush of imminent deadlines, the relationship between panic and creativity, and effective strategies for harnessing the power of urgency.

Technical skills

Programming Languages

JDSL, BobX, BrainF*ck, ColdFusion, Hibernate, HQL

Soft skills

Procrastination	Procrastination at an expert level
